

SA U.S. FIXED INCOME FUND

Investor

As of 3/31/2019

The Fund's goal is to achieve a generally stable return consistent with preservation of capital. The Fund pursues its goal by investing primarily in: obligations issued or guaranteed by the U.S. government, its agencies or instrumentalities; dollar denominated obligations of foreign issuers issued in the United States; bank obligations, including those of U.S. banks and savings and loan associations and dollar-denominated obligations of U.S. subsidiaries and branches of foreign banks, such as certificates of deposit (including marketable variable rate certificates of deposit) and bankers' acceptances; corporate debt obligations; commercial paper; obligations of supranational organizations, such as the World Bank and the European Investment Bank; and repurchase agreements. Generally, the Fund acquires obligations that mature within three years from the date of settlement.
