As of 6/30/2019

The Fund’s goal is to achieve long-term capital appreciation. Instead of buying securities directly, the Fund invests substantially all of its assets in another mutual fund, the International Small Company Portfolio of DFA Investment Dimensions Group Inc. (the “DFA Portfolio”), which has the same investment objectives as the Fund. The DFA Portfolio invests its assets in the following series of The DFA Investment Trust Company, each of which is a mutual fund (the “Underlying Funds”): The Japanese Small Company Series, The United Kingdom Small Company Series, The Continental Small Company Series, The Asia Pacific Small Company Series, and The Canadian Small Company Series. Dimensional periodically determines the allocations of the DFA Portfolio’s investments among the Underlying Funds and may change the allocations from time to time.

**Investing involves risk, principal loss is possible. Investing in foreign securities may involve certain additional risks, including exchange rate fluctuations, less liquidity, greater volatility and less regulation. Small company stocks may be subject to a higher degree of market risk than the securities of more established companies because they tend to be more volatile and less liquid. Duplication of expenses is a risk when a fund invests in other investment companies. The cost of investing in the Fund, therefore, may be higher than the cost of investing in a mutual fund that invests directly in individual stocks and bonds.**

The MSCI World Ex. U.S. Small Cap Index (MSCI World Ex USA Small Cap NR USD) is a market capitalization weighted index designed to measure equity performance in 23 global developed markets, excluding the U.S., and is composed of stocks, which are categorized as small capitalization stocks. This index is unmanaged and reflects reinvested dividends and/or distributions, but does not reflect sales charges, commissions, expenses or taxes. An individual cannot invest in an index.

An investor should consider the Fund’s investment objectives, risks, charges and expenses carefully before investing or sending money.
