

SA INTERNATIONAL VALUE FUND

Select

As of 9/30/2018

The Fund's goal is to achieve long-term capital appreciation. The Fund pursues its goal by generally investing in a target universe consisting of common stocks of large cap and mid cap non-U.S. companies that Dimensional Fund Advisors LP (the "Sub-Advisor") believes are value stocks at the time of purchase. The Sub-Advisor considers value stocks primarily to be those of companies with high book values (values that are derived from a company's balance sheet) in relation to their market values (values that are derived by multiplying the market price per share of a company's stock by the number of outstanding shares of that stock). The Fund invests in companies in countries with developed markets designated by the Investment Committee of the Sub-Advisor from time to time. The Fund is authorized to invest in the stocks of large cap and mid-cap companies in Australia, Austria, Belgium, Canada, Denmark, Finland, France, Germany, Hong Kong, Ireland, Israel, Italy, Japan, the Netherlands, New Zealand, Norway, Portugal, Singapore, Spain, Sweden, Switzerland and the United Kingdom.

The past performance information shown is for Investor Class shares. Although Investor Class shares would have similar annual returns to Select Class shares because the classes are invested in the same portfolio of securities, the returns for Select Class shares will vary from Investor Class shares because of the lower expenses paid by Select Class shares. Performance information for Select Class shares will be included after Select Class shares have been in operation for one complete calendar year.

The performance quoted represents past performance. Past performance does not guarantee future results. Investment returns and principal value of an investment will fluctuate so that an investor's shares, when redeemed may be worth more or less than their original costs. The performance illustrated and net expense ratio listed reflects fee waivers and/or expense reimbursements. In the absence of these waivers and/or reimbursements, the performance would have been lower.

*The Adviser has contractually agreed to waive its management fees and/or to reimburse expenses with the effect that: (1) the Select Class shares' total annual operating expenses (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses and extraordinary expenses) are 0.20% lower than the Investor Class shares' total annual operating expense ratio after fee waiver and/or expense reimbursement; and (2) the Select Class shares' total annual operating expenses (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses and extraordinary expenses) will not exceed 0.95%. This expense limitation will remain in effect until October 28, 2021 and may be amended or terminated before such time only with the approval of the Board of Trustees of the Fund.
